Aquantic

AQUANTIC Uptide Concept X-Flex 195

Art.-No. 5648195
EAN 4068085000670

Details

What if you had a flexible rod system for sea fishing? No problem with the Aquantic Uptide Concept rods. All blanks in the rod series fit on the spinning reel handle included with every rod. An optional handpiece for the multi-roller is also available. Depending on your needs or preferences, each rod can be transformed into the appropriate area of use. Despite the Uptide division, the X-Flex model is still in three parts, comes with two different tip parts for 20-30lb and 30-40lb and is therefore short for transport. All Aquantic Uptide Concept rods and hand parts are equipped with Fuji reel seat and reinforced X-Wrapping high-carbon blank. Jig: The jig rod with extremely fast action for perfect bait presentation. X-Flex: The 3-part model with special flexibility. Delivered with two tips in different weight classes. Boat M-H: The boat rods with incredible reserves but still excellent sensitivity. Boat XH: The tool for the big fighters, such as halibut and co. Trigger handle: The optional trigger handle for the multi-reel. Fits all models in the Uptide Concept series.

- ? Fuji reel seat
- ? X-Wrapping high-carbon blanks
- ? Hand parts are interchangeable
- ? Hand part with trigger reel seat for multi-reel optionally available
- ? SIC rings with blue inserts
- ? All rings wrapped under
- ? Neoprene case
